Education

George Mason University (Jan 2014 - Present)
- PhD in Computational Social Science

George Mason University (Aug 2011 - Dec 2013)
- MS in Computer Science, focus on Knowledge Discovery and Health Informatics

University of Nevada, Reno (Aug 2008 - Dec 2010)
- MS in Computer Science, focus on Networks and Internet Topology

Bogazici University (Sep 2003 - Jun 2008)
- BS in Computer Engineering

Positions

Graduate Resarch Assistant at George Mason University (Funded by GMU, NIST and NBER)

- System Administration : Virtualization on XenServer & CentOS; Data management on PostgreSQL
- Research : Various Health Informatics projects using Data Mining, Social Network Analysis, Machine Learning and Natural Language Processing; Optimization of heat exchangers using Genetic Algorithms
- Teaching: Taught MS SQL and Weka in help sessions for Data Mining in Health Care course

Application System Analyist at University of Arkansas for Medical Sciences (UAMS)

- Developed applications of molecular analysis tools for cancer research and worked on integration of caArray, GenePattern and Taverna

Graduate Assistant at University of Nevada, Reno (UNR)

- Research: Developed the probing module of Cheleby, an integrated Internet topology mapping system
- Teaching (Math & Stats): Led three recitation sections of Calculus II which meets two days per week
- Teaching (CSE): Data Structures, Programming Languages Concepts, Principles of Operating Systems, Computer Network Systems, Computer Security

Wireless Technologies Intern at Bosch Research (Palo Alto, CA)

- Implemented the required modules for a 6LoWPAN based web server demonstrator to achieve the idea of Internet of Things by integrating tiny sensors into TCP/IP networks.

Honors

- Political Networks Fellowship Award ($700) Montreal, QC (May 2014)
- Honorable Mention ($1,000) in DC Tech Hackathon by D&B at Microsoft Chevy Chase, MD (Nov 2013)
- Placed 1st and received 2012 Virginia HIMSS poster scholarship award ($1,000)
- Finished 8th in Data Mining Hackathon on Best Buy Mobile - ACM SF Bay Area Chapter 2012
- Travel grant for ACM/IEEE Symposium on ANCS 2009
- Offered full scholarship by Ministry of Education to pursue undergraduate education abroad
- Placed 24th in national University Admission Exam 2002 among 1.5M participants
- Valedictorian among graduates of 2002 at Vali Vecdi Gonul High School
- Placed top 10 in computer science track at TUBITAK Project Competition 2001
- Placed 8th in national High School Admission Exam 1999 among 350K students

Invited Talks

- "Data Driven Computational Social Science", College of Communication at Hacettepe University, Mar 2015
- "Open Data and Computational Social Science", UN Ankara Data Journalism Workshop, Mar 2015
- "My Ongoing Work on Politics & Twitter", CSS Colloquium at Center for Social Complexity, GMU, Feb 2015
- "Data Journalism & Computational Social Science", Istanbul University Data Journalism Workshop, Dec 2014
